GET READY FOR CAMP!

YMCA CAMP ERDMAN
2020 Summer Camp Parent Handbook
FROM THE CAMP DIRECTOR...

Aloha and thank you for choosing YMCA Camp Erdman. I’m blessed to call Camp Erdman my home and it is my pleasure to welcome you as part of the Camp ‘Ohana.

Sending your child to camp today can be difficult, especially when you are connected 24/7. That’s why here at camp we’re focused on developing your child in a way that no other place can. Camp helps kids unplug and get to know each other and their counselors face-to-face. Camp is where today’s youth can learn the 21st century skills they need to succeed in college and the real world. We teach independence, collaboration and teamwork.

Thank you for allowing us the opportunity to create life changing experiences during a part of your child’s summer here at Camp Erdman. I’m confident that your child will be in a safe environment, be nourished, make friends and grow a little more independent. There’s one thing I definitely know for sure and that is that all of our campers will have fun.

I would like you to know that the passion I have for Summer Camp is in the commitment that I have made to make this experience as best as it can be for your child and you. Please give me or my support staff a call or shoot us an email if you have any questions at all!

Other Activities
Due to the unique opportunities that come up during the summer, other activities may
occur, including but not limited to swimming at guarded beaches, hiking off-site, or field
trips to local attractions. These off-site activities are typically reserved for our teen
campers.

Skill Tracks or Specialty Camp?
It really depends on the experience you and your camper are looking for. Specialized
activities such as Surf Camp, Horse Camp and Swim Camp require additional materials and
expertise, so they cost more. Skill Tracks are held here on site and what’s offered usually
includes archery, arts and crafts, sports, survival skills, yoga, journalism, and many others.
We do not guarantee that specific skill tracks will be offered each session. Both Skill Tracks
and Specialty Camp are “progressive”, meaning they build on what campers learned the
previous day.

YOUR CHILD’S EXPERIENCE

Staff are Carefully Screened
Counselors are vetted and must pass a federal criminal background check. Staff are
typically college age and are selected for their maturity, responsibility and dedication to
youth development. All staff participate in an intensive orientation that addresses age
appropriate programming, risk management, homesickness, behavior management and
emergency procedures. We maintain a 1 to 8 counselor to camper ratio.

Homesickness
Although uncommon, we address symptoms with care and urgency to get campers
engaged in the experience. Should homesickness continue for more than 24 hours, the
Director will call parents. We encourage parents to support the camper’s decision to go to
camp and achieve their goals rather than letting their child come home.

Camp Food
Our chef prepares three well-balanced meals a day, including a vegetarian option for those
who indicate this choice in advance. We also have a salad bar at lunch and dinner. Please
make note on your Health History Form if your child has any specific dietary needs. We do
our best to make accommodations for specific diets.

Photos
At check-in, you’ll get information on how to log in to Session Photo Gallery which is our
password-protected website. We usually post new pictures every day of the session.
HEALTH INFORMATION & POLICIES

Before You Get to Camp

Check out these tips for encouraging good health before your camper even gets to camp. (This list was originally published by the American Camp Association in 2010.)

1. When children show signs of illness, keep them home. This greatly reduces the spread of illness at camp. Be aware of your camp’s criteria for inclusion in camp.
2. Teach your child to sneeze in his/her sleeve, and to wash his/her hands often at camp.
3. Closed-toed shoes are a requirement for activities such as sports and hiking. This will help avoid slips, trips, and falls, which could cause injuries. Stress to your child the importance of wearing closed-toed shoes to prevent a toe, foot, and/or ankle injury.
4. Send enough clothes so your child can wear layers. Mornings can be chilly and by afternoon it will be hot. This enables your child to peel his/her layers off as the weather warms.
5. Fatigue plays a part in injuries. If children are going to day camp, ensure they get enough rest at night. If children are going to resident camp, explain that camp is not like a sleepover. Explain to your child that he/she should not try to stay up all night!
6. Don’t forget to send sunscreen, and instruct your child how to use sunscreen.
7. Please send a reusable water bottle. Your child can refill it frequently during their camp stay. Staying hydrated is very important in the summer.
8. The American Camp Association’s parent-dedicated website, www.CampParents.org, provides a wide range of educational resources to help parents make good health-related decisions for children.

Health Procedures at Camp

- Medication must be in its original container and will be dispensed as instructed on the original container.
- Be sure to include enough medication for your child’s entire stay.
- All medications must be deposited with the Health Care Manager on check-in day.
- Parent/Guardian signature is required to allow our Health Care Manager to administer medication.
- If bed-wetting is a condition, call the Camp Director at (808) 687-6236 prior to camper’s arrival.
- We encourage parents to conduct a routine health screen on their child one week before, and the day before arrival at camp. We are especially concerned about contagious conditions including flu, fever, conjunctivitis (pink eye), chicken pox and head lice. If any camper exhibits symptoms of any contagious illness parents will be responsible for taking the child to the doctor.
- If your child becomes sick while at camp, parents will be notified.
- For sickness or injuries, parents will be consulted to determine the course of action. If immediate medical attention is required, the appropriate emergency authorities will be contacted and the child will be transported to the hospital. All attempts will be made to notify parents.
- Parents are responsible for all fees charged by attending physicians, ER, EMS and/or pharmacy for any medications or services prescribed that are not immediately covered by your existing insurance.
EMERGENCY INFORMATION

Evacuation
In the event of an unforeseen circumstance such as a hurricane, parents will be notified to pick their campers up. If sufficient advance notice is received, all campers will be evacuated to a different YMCA branch or designated shelter. If there is short notice, campers and staff will evacuate to a safe zone. Updates will be posted on camperdman.org.
*No refunds will be issued in the event of evacuation.

Excessive Hot Weather
Activities will be provided indoors or in shaded areas outdoors as appropriate. Water is accessible to campers at all times, and they are encouraged to drink water throughout the day.

Medical Emergency
In the event of an emergency, we will administer first aid and contact the parent/guardian or the camper’s designated emergency contact. If emergency medical treatment is required, we may contact a doctor, hospital, or EMS depending on the severity of the injury or illness.

Communication in Event of Emergency
Parents will be contacted by phone in the event of an emergency. Updates will also be posted when appropriate at www.camperdman.org.
