College Camp is a week-long immersive experience led by college student mentors. This program highlights our mission of gearing all youth towards lifelong success. At College Camp, we provide the support, resources and motivation for high school students from under served communities to graduate and pursue a higher education. It also gives college students valuable practice and experience as cause-driven leaders of their community.

In 2018, we held 3 College Camps, continuing to expand our program to the underserved schools on the Leeward side of Oahu.
